19 On February 22, 2013, the parties filed a joint statement updating the court regarding the  
20 discovery issues raised in Plaintiffs' letter brief (Doc. No. 101). *See* Doc. No. 115. The parties  
21 indicated that further briefing might be required regarding the production of a set of exemplar  
22 documents. *Id.* No further briefing has been filed, and in light of the district court's order on class  
23 certification, it appears that the parties may have resolved the outstanding issue on their own.  
24 Within ten days, the parties shall file a joint statement indicating whether the court may terminate  
25 Doc. Nos. 101 and 103.
